

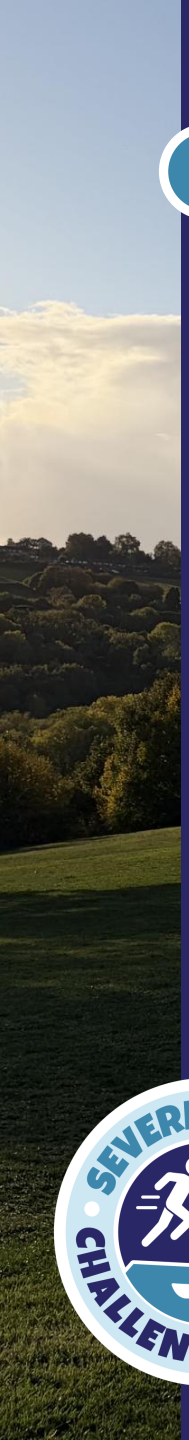
Sponsorship Proposal 2027

svc-events.co.uk



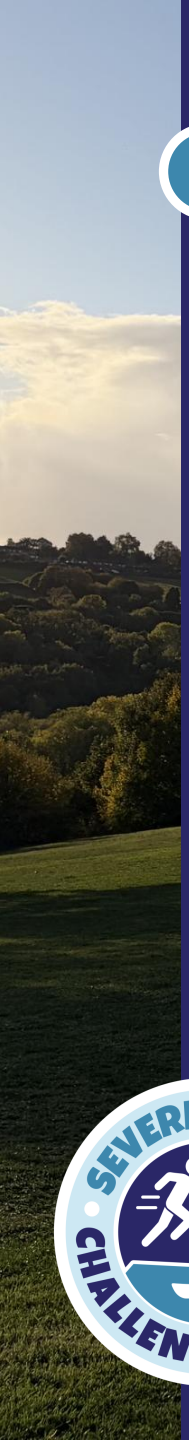
Introducing SVC Events

Severn Valley Challenge Events (SVC Events) was set up by Alveley-based directors William Lloyd and Monty Beaumont to deliver engaging outdoor sporting experiences out of the stunning surroundings of Severn Valley Country Park and the neighbouring countryside.

Our 2027 calendar brings together two distinctive events: the returning **Severn Valley Trail Run** and the second edition of **Steaming Down The Valley**. Each offers a different challenge, but both celebrate the landscape, heritage and communities of the Severn Valley.

Severn Valley Country Park is the home of our events, and we're hugely grateful to the team for their continued support in helping us showcase this fantastic part of Shropshire and celebrate its great outdoors.

Why partner with us?



Why sponsor SVC Events?

Our events offer businesses the opportunity to connect with the local community, runners and their supporters, and outdoor enthusiasts. We can offer:

Brand visibility: Exposure through event websites, social media, participant communications and race-day activity.

Audience engagement: Opportunities to connect directly with participants and supporters through meaningful brand activations.

Community association: A positive connection with outdoor activity, wellbeing, local events and the Severn Valley.

Repeated exposure: Two distinct events, supported by promotional activity over several months. Our aim is to create partnerships that deliver commercial value while enhancing the experience for everyone involved.

328 Race places sold

117,033 Facebook & Instagram views

1,937 Social media interactions

8,167 Facebook & Instagram page/profile visits

1,516 Facebook link clicks

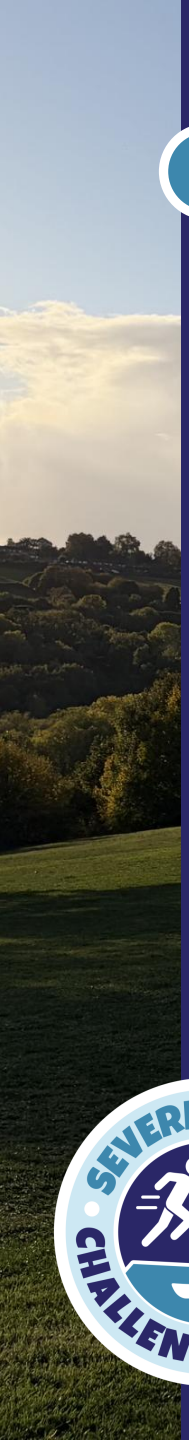
£2,100+ Raised for local charity and Country Park operations

Data period: 1 February – 1 August 2026, covering the full pre-event and post-event promotional campaign.

The numbers speak for themselves

Following the successful launch of **Steaming Down The Valley** in June 2026, our first event established a strong foundation for future growth.

With running places selling out and significant engagement across our digital channels, the results demonstrate the opportunities available to commercial partners.



A reach beyond the Midlands

Our events are rooted in the Severn Valley, with an audience extending far beyond the immediate communities around Alveley and Bridgnorth.

Our online activity introduces the events to a nationwide audience of running clubs and participants.

For commercial partners, this creates opportunities to build awareness with an active audience across multiple locations and channels.

These maps show the postcode areas of those who entered Steaming Down The Valley 2026, demonstrating the reach.

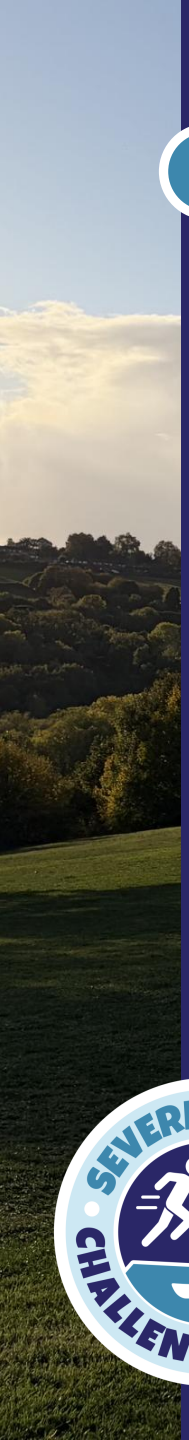
Our events

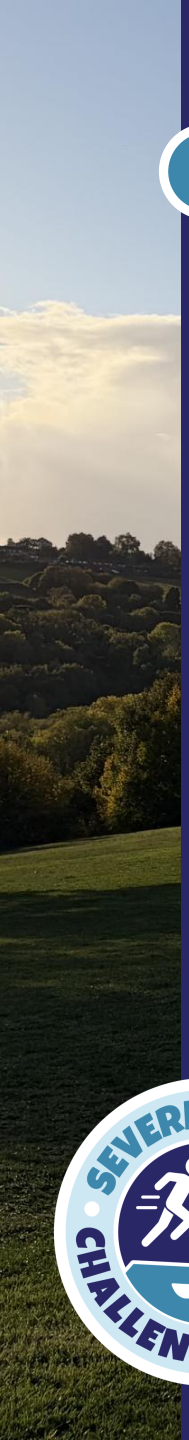


Severn Valley Trail Run

Returning in 2027 for the first time in five years, Severn Valley Trail Run is a 10km trail running race, taking place out of the Severn Valley Country Park and neighbouring countryside on Sunday 25 April.

The circular route combines woodland trails, dirt, gravel, grass and short surfaced sections, with natural undulations, rewarding descents and a few climbs along the way.

It's a race designed around the experience rather than personal best times, giving participants an opportunity to challenge themselves in fantastic natural surroundings.



Steaming Down The Valley

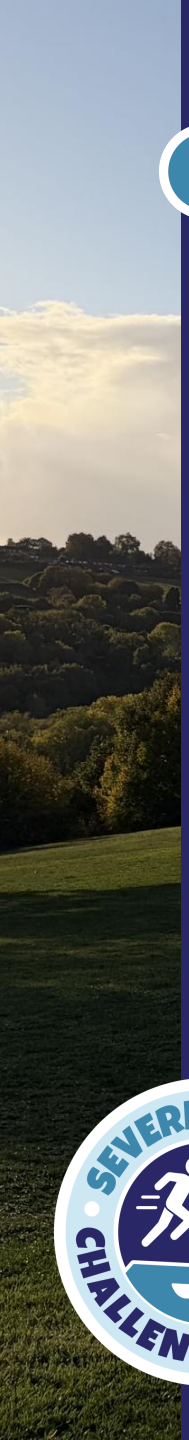
Steaming Down The Valley 2027 takes place on Saturday 5 June, and is an outdoor sporting event set in the Severn Valley, combining trail running and paddle sports with the spectacle of a live steam railway.

Participants race alongside and against a working Severn Valley Railway steam service, creating a one-of-a-kind “race the train” experience.

The event features 5k and 10k running challenges alongside the heritage railway, with 5k participants enjoying a return journey from Arley aboard a Severn Valley Railway service. Paddle sports participation adds another dimension to the event with kayaks, canoes and stand-up paddleboards racing alongside.

The event attracts runners, paddlers, families and spectators, delivering high-impact visuals, strong social media engagement and meaningful community footfall.

SEVERN VALLEY
CHALLENGE EVENTS
Your brand, our platform



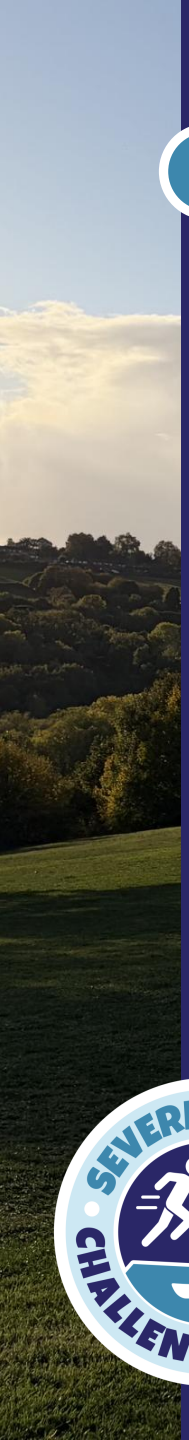
Your brand, throughout the experience

We offer a range of opportunities for sponsor recognition and engagement across the participant journey.

Before race day
Event website, online entry channels, social media promotion, selected event marketing materials and agreed sponsor acknowledgements in participant communications.

On race day
Start and finish branding, banners and flags at Race HQ, event announcements, sponsor displays, promotional materials and opportunities for face-to-face engagement.

After race day
Sponsor acknowledgements through event highlights, photography, social media coverage and post-event communications.



Branded items

Here are just some of the things within the event experience that we can brand to support sponsorship. We will look after the design and procurement of branded items to ensure consistency of application.

- Event website and online entry platform
- Pre-event and post-event social media promotion
- Race-day branding at start, finish and Race HQ
- Inclusion in digital race communications sent to all participants
- On-the-day PA announcements to runners and spectators
- Event photography and video shared online after race day
- Branded banners, flags and start/finish presence
- Timing chip race number branding
- Medal ribbon branding
- Goody bag branding
- Product sampling or giveaways in runner goody bags
- Social media activations before and after the event

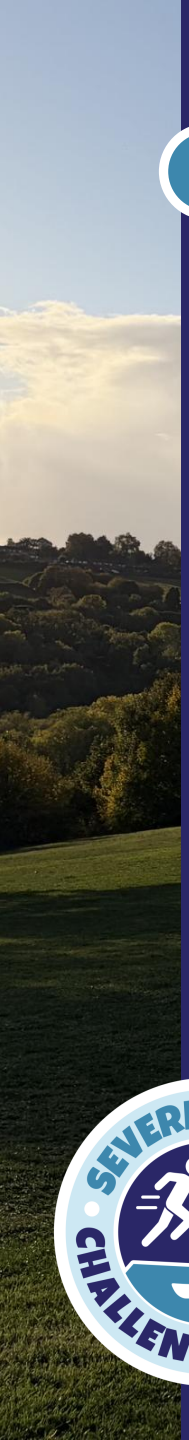
Sponsorship tiers

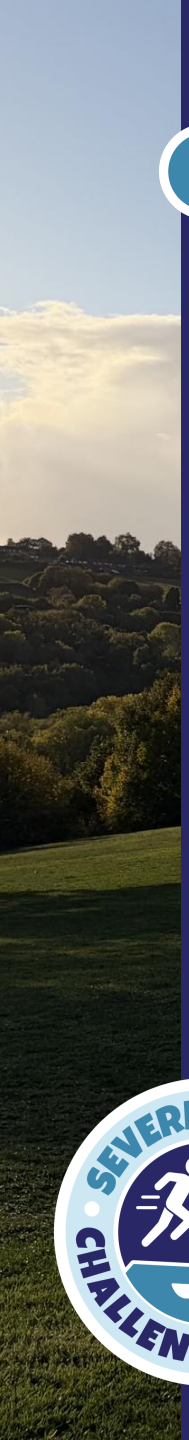


Package overview

We have created three sponsorship packages to suit different budgets.

Our Gold, Silver and Bronze packages offer varying levels of brand visibility, promotional opportunities and on-the-day presence.

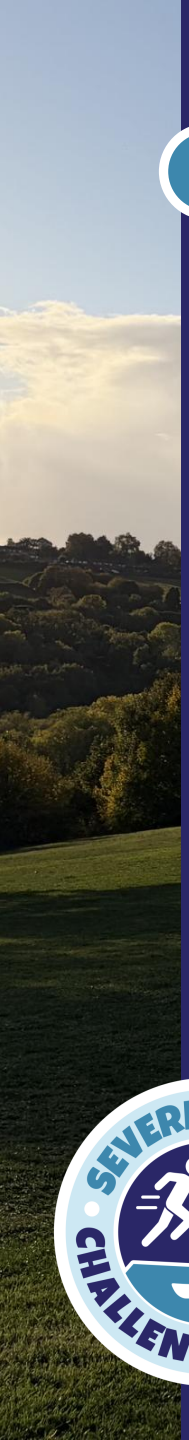
We also welcome Event Partners who can contribute products, equipment or services that support the delivery of our events and enhance the participant experience.



Bronze tier (£250 per event)

An accessible opportunity for local businesses to support community sporting events while gaining exposure to runners, supporters and the wider Severn Valley community.

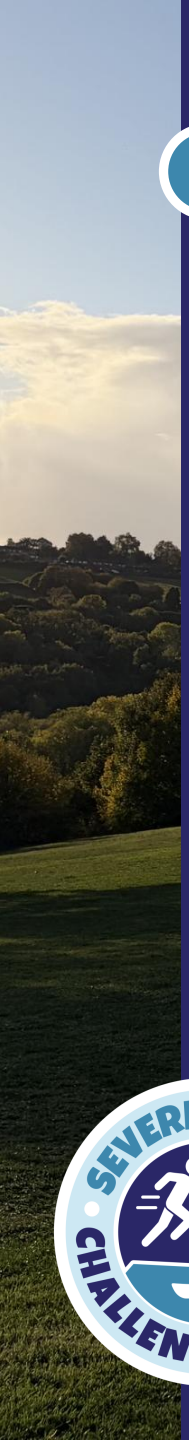
- Inclusion in the sponsors section of the event website
- Brand presence and sponsorship acknowledgements on social media
- Minor brand presence on race numbers
- Opportunity to include promotional materials or products in runners' goody bags
- Two complimentary race entries per the sponsored event(s)
- Event-day announcements via PA



Silver tier (£500 per event)

Ideal for established local businesses looking for strong brand visibility and an on-the-day presence across our sporting events.

- Secondary position on the sponsors section of the event website
- Brand presence on selected event collateral
- Dedicated social media posts acknowledging sponsorship
- Inclusion in wider sponsor acknowledgement content
- Branded presence at Race HQ (pop-up banner or flag)
- Brand presence on selected start/finish signage
- Opportunity to include promotional materials or products in runners' goody bags
- Presence on race numbers
- Three complimentary race entries per the sponsored event(s)
- Event-day announcements via PA

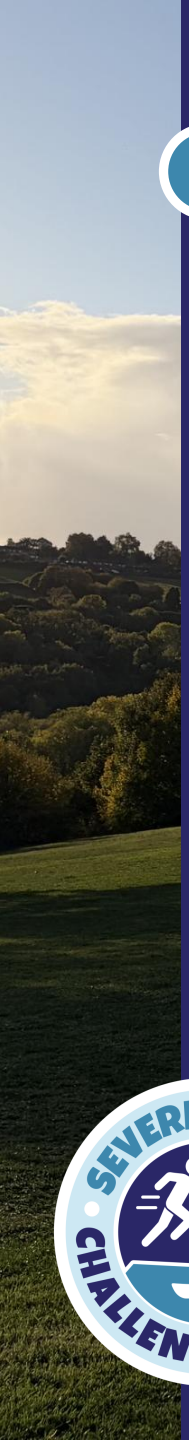


Gold tier (£1,000 per event)

One lead sponsorship opportunity available per event.

Our premium sponsorship package offers prominent brand positioning and association with SVC Events, with extensive visibility across promotional channels and on race day.

- Lead sponsor recognition across the selected event(s), with title sponsorship opportunities by agreement
- Principal position on the sponsors section of the event website
- Priority logo placement on selected event collateral and promotional materials
- Dedicated social media features and sponsorship acknowledgements
- Lead brand presence across race numbers, goody bags and medal ribbon
- Prominent branded banners and signage at start/finish areas
- Priority brand presence at Race HQ
- Sponsor acknowledgements in participant communications
- Five complimentary race entries per the sponsored event(s)
- Event-day announcements via PA
- Category exclusivity, subject to agreement



Event partners

We're keen to work with businesses that can provide products, equipment or services to support our events and enhance the participant experience.

Whether that's a drinks supplier providing on-course or finish-line hydration, a local business contributing goody bag products or a company supplying equipment, printing or specialist services, there are plenty of opportunities to get involved.

In return, Event Partners can benefit from tailored recognition through event websites, social media, participant communications and race-day activity.

We'll agree each partnership individually, reflecting the nature and value of the contribution.
